Dear pupils,

we completed the first term of the school year successfully at the end of January. You have got statements from the half-term certificates. Those pupils, who are not satisfied with their school results, can change them to better ones. We do not learn for marks, but for ourselves, our knowledge, skills and development.

During January and February we have done a lot of useful and inevitable things at school. Thanks to projects our school has raised funds for a better environment of pupils and all the staff in the school.

We do not know how long we will teach online and you will study from home. Use every minute for studying to make your life better. Study, do your homeworks, be active on the lessons. Do not forget on your health, protect it, wear face masks, be distant from other people, wash your hands, do physical exercises.

I wish you good luck in the second school term.

Mgr. J. Hatinová
the headmistress of the school

BULLYING IS NOT ONLY YOUR PROBLEM (Šikanovanie nie je iba tvoj problém)

Bullying is a big problem in many schools. It is unwanted aggressive behaviour among school aged children.

The types of bullying are: verbal, social, physical, cyberbullying. Cyberbullying is done with the use of digital technologies. It can take place in social media, gaming platforms and mobile platforms. Most victims are children who are different in some way, e.g. they are a different colour or religion, they are small, overweight or have got red hair, they wear glasses, they are new at school, they are naturally quiet or shy, they prefer to be on their own rather than part of a group.

If you have a problem with bullying, tell your parents or teachers about it. Do not hesitate! They will help you.

ST. VALENTINE'S DAY

The Day of St. Valentine is named after the priest, teacher and a saint man. His name was Valentine and he helped to people, mostly to lovers. The celebration of love and affection is on 14th February. People in relationships buy and give gifts to each other, they exchange cards with messages about their feelings. The most shared gifts are flowers and chocolates.

Pupils of the years 1 to 4 and their teachers have decorated a corridor in the school to remember St. Valentine's Day.

Vase full of flowers
Everyone deserves love.

such a fool without you.

Really nice if you have one
Interesting talks

Alex: It was introduced at the end of the 4th century by the Christian Church until Good Friday before Easter.
