THE NEW SCHOOL YEAR STARTED

The new school year started on the 2nd September. Pupils were welcomed by their form teachers in classrooms.

Pupils and all staff of the school had to keep the antiepidemiologic instructions of the Ministry of Education and the Chief Hygienist because of the virus Covid – 19.

We have put some questions to the Head teacher of the school Mrs. Hatinová.

Q: How do you feel at the beginning of the school year?

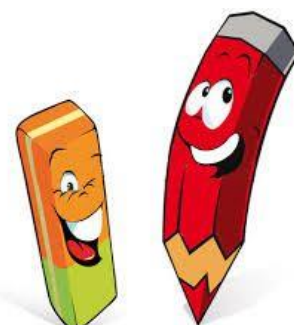

Mrs. Hatinová: We started the school year 2020/2021 in different way as the former ones because of the virus Covid -19. Everybody at school has to be tolerant, disciplined, patient and considerate of others.

Q: How did you spent your holidays?

Mrs. Hatinová: I mostly worked during holidays. There was a lot of work at school: we have prepared classrooms and staircases for the new school year. The school kitchen was reconstructed. If I had some free time I spent it with my family.

Q: What do you wish to pupils and teachers into the new school year?

Mrs. Hatinová: I wish to everybody a lot of health, success, happiness.

COVID – 19 IN OUR SCHOOL

The school has done the preventive measures against dangerous virus. Pupils and the school staff wear face masks, body temperature is measured of all pupils every morning, notice: **face mask – distance – hands** is in every room in the school. There was made a special timetable for every class for having lunch.

RECONSTRUCTION OF THE SCHOOL KITCHEN

The reconstruction of the school kitchen was done during summer holidays. We thank to all people who have renewed it for our pupils .

PURPOSEFUL TRAINING

There was a special day for all pupils of the school on 11th September. They had a training of the first aid, they spoke about environment, how to be healthy, about keeping traffic rules. Then they went to the countryside and did a lot of activities.

EUROPEAN DAY OF LANGUAGES 2020

Pupils of the school celebrated the European Day of Languages, which is celebrated every year on 26th September, in their own way. They were drawing flags of some European countries, were singing the Vietnamese song, acting story in English language, they were learning how to greet in some languages, making projects about chosen European countries, they were talking about the work of an air hostess with Mrs. Paulišinová, the former air hostess, they did a quiz about languages. Pupils liked the activities and they look forward to the next European Day of Languages.

WE WANT TO HAVE A NICE PLACE

The girls and boys from the class IX. A helped to plant some flowers, plants and bushes in front of the school.

WHAT CAN WE DO ?

Pupils from V. A can do a lot of things. They can swim, they can run, they can skate. They can play football very well, play PC games very well. Some of them can't play the piano, they can't dance and dive. Some pupils can't do magic very well.
